

# FOUNDATIONS

## Harvesting Success

### General Tips

**Creating Autumn's Lasting Beauty:** Fall's cooler temps make it the ideal time to plant trees, shrubs, and turf that will thrive come spring. It's also prime season for aeration and overseeding to revitalize tired lawns and extend your outdoor enjoyment. Hardscape additions, such as patios and fire pits, not only boost curb appeal – they're also perfect for crisp evenings and long-term value. Fall installs often come with shorter lead times, so now's the time to plan.

[Let's build something beautiful before the season slips away.](#)

## Trust Through Action

Our greatest asset is your trust, which we've earned by living our core value: 'We Do What We Say.' This principle is not just about making promises; it's about consistently taking action and upholding integrity in every project, thereby ensuring our reliability. Read our [blog post](#) to understand how this value builds lasting partnerships and shapes the enduring landscapes we create.

## Fall into Savings 🍁

**Harvesting Rewards:** We're celebrating the season with you! For every new client you refer who books a fall installation or holiday decor package by **September 30**, you and your referral will both receive a **\$100 credit** toward your next service. It's our way of saying thanks for helping our community grow.

To ensure you both get your credit, simply have your referral mention your name when they [contact us](#).

## Customer Spotlights

In our Customer Spotlights section, we're highlighting information and tips tailored to the unique needs of our diverse clientele, from HOAs and homeowners to commercial and municipal properties. Find the insights most relevant to your landscape and property goals below.

### HOA Focus

**Enhancing Community Spaces for Lasting Enjoyment:** Inspire resident pride and boost curb appeal with thoughtful fall enhancements. Cooler weather is ideal for updating tired entryways with vibrant seasonal plantings or adding hardscape amenities, such as a communal fire pit. It's the perfect time to [invest in design-build projects](#) your community will enjoy for years to come.

## Single-Family Spotlight

Give your lawn the head start it deserves this fall with professional aeration. This process breaks up compacted soil, allowing oxygen, nutrients, and water to reach the roots, which is crucial for a thick, healthy lawn next spring. [Learn more about the benefits of fall aeration on our blog.](#)

## Commercial Insights

Proactive fall pruning is a key strategy for commercial managers. [Rejuvenative pruning](#) improves visibility and airflow, which helps prevent disease and makes your property safer for pedestrians. It also eliminates dead/diseased limbs, forcing new growth and a healthier growth pattern in the spring.

## Municipal Matters

[Discover how the City of Bedford, Indiana, successfully "harvested" a thriving new community garden.](#) While community collaboration is essential, an expert landscape partner is key to the initial design and long-term maintenance. Read the full story to learn how Cornerstone Partners can help your municipality turn a vision into a reality.

## About Us

Cornerstone Partners Horticultural Services Company (CPHort) was born out of a deep-rooted love for quality horticultural practices. We are

fanatical about crafting and maintaining outstanding outdoor environments. CPHort began in the Fox River Valley in 2006, and it's been thanks to satisfied customer referrals that we've been able to expand throughout Chicagoland.

## Feedback & suggestions

We'd love to hear from you! Share your feedback, suggestions, or ideas by contacting our team.
